

1. Orientation: Structure and Purpose

- Thank you to all who have served and made preparation for the ongoing success and responsibility this opportunity to serve others provide
- Good session
- It was hard to hear people talk with air conditioning running. Why not have the retreat at West Campus?
- Very well planned !!

2. Shared Governance Breakout (Committee Breakout Session I with Report Outs)

- Excellent use of time management for committee, very productive
- Good opportunity to organize committee work
- I thought the breakout sessions were very helpful.
- Enjoyed meeting my group.
- This was extremely helpful once we met as a new group and this was my first year on this committee as an officer.

3. Lunch

- Very good.
- Outstanding
- Lunch was excellent!
- Lunch (food in general) was wonderful. I felt we spent a lot of time eating.
- Yummy!
- Very tasty!
- Very nice!

4. Operating Procedure and Tentative Agenda Items (Committee Breakout Session II)

- More detailed discussions and agenda formulation for upcoming meeting.
- Good opportunity to set agenda
- I thought the breakout sessions were very helpful.
- Helpful.
- This was extremely helpful once we met as a new group and this was my first year on this committee as an officer.

5. Policies and Procedure Training

- The handbook is very effective and useful
- The handbook is very useful tool & refresher. It helps to get feedback from others who have served. Helps with continuity of processes.
- Good description and help
- Loved the brevity.
- Thankful she referred us to the templates and pages in the handbook!
- Might be useful to get some more specific examples, but the procedures book is excellent. I gave a 3 here because we were shorted on time, but also the format of reading to the audience from the manual isn't the most effective (but again, I understand we were short on time, and it is difficult to do a training for a mix of veterans and newcomers).

6. Welcome and University Updates (President and Provost)

- Great opportunity to interface with President and Provost
- Great to hear what is in the works.

7. Program Prioritization (Update / Q&A)

- Good review for process
- Informative
- Helpful, overall feel people should understand to go to website.
- Hard to hear. What is data? Data is an abstraction. Students are reality.

8. Mock University Senate Meeting

- *Note, this session was canceled due to the lively and productive discussion with President and Provost.*
- Did not have but discussion with President Dorman & Provost Brown was well worth it!
- N/A

9. Overall Effectiveness of the Retreat

- Very informative for first-timers
- The committee meetings were very productive
- Good
- Great!
- Great job!

10. Feedback Scheduling (Dates, Times) (Travel, Refreshments) Location (Site)

- I liked the location much better than Callaway Gardens b/c of family commitments. The food was good!
- Excellent location – facility was conducive for break-out sessions and convenient dining facilities. The food was excellent.
- Excellent comfortable location – not too far but still relaxing and picturesque.
- The retreat was extremely organized and effective; very informative.
- Scheduling good, Travel/Refreshments great, Location great
- Satisfactory
- Great location.
- Scheduling excellent, Travel/Refreshments excellent, Location excellent
- Excellent!!
- Good not too far away! Date didn't conflict too bad. ?Maybe 2.5 day retreats?
- Good job.
- Afternoon's time was cut off so maybe that schedule needs to be re-evaluated.
- Great site
- Nice place.
- The schedule worked for me personally. I liked the fact that it was one day – or it could have been two on campus, but not an overnight trip because I have two small children at home. Thanks for providing the bus! The refreshments were delicious if not a little too abundant. Rock Eagle is a very nice location. I found it a little difficult to hear the speakers in the large room, but that might be handled easily with a microphone. I would recommend going back!
