**PRESIDENT'S REPORT:** President Steve Dorman

  - g. Women's Basketball is currently #24 in the country, and they check in at 3.20
  - h. Baseball recorded the highest semester on record at 3.06
  - i. Men's Basketball checks in at 2.92
  - j. Golf, which has been one of the top programs in the country over the last twenty years, is at 2.91
2. **HOVERBOARDS AT GC** I wanted to make you aware that effective the first of this semester, Georgia College prohibited self-balancing scooters, known as hoverboards, because of recent concerns by the United States Consumer Product Safety Commission. This ban could be reviewed in the future as further information and recommendations regarding their safety become available.
3. **2016 SERVICE RECOGNITION CEREMONY** Immediately following the university senate meeting this afternoon, we will hold the 2016 Service Recognition Ceremony. It will start at 3:30 in the Magnolia Ballroom. I hope you will attend and congratulate the faculty and staff being recognized for their years of service to the institution.
4. **LEGISLATIVE SESSION** The legislative session continues to move forward and is over half-way complete as of this week. Our two capital projects remain in the budget (equipment for Beeson project and planning for Terrell/Kilpatrick projects). In addition, there is still funding for a 3% merit increase for all university employees included in the state budget. The BoR made a decision this week that there will be no tuition increase in the next fiscal year. There remains discussion about several other issues related to the University System.
5. **GC AT THE CAPITOL DAY** Our students, under the direction of Mr. Johnny Grant, conducted a Georgia College at the Capitol day on Wednesday of this week.
6. **FOUR-YEAR GRADUATION RATES** I am pleased to announce that our four year graduation rate has increased by almost 10 percentage points, representing about a 25% increase, over the last four years.

Term	Cohort Count	3Yr	4Yr	5Yr	6Yr	7Yr	8Yr
Fall 2008	1177	1.02%	39.93%	58.37%	61.26%	61.94%	
Fall 2009	1206	0.83%	39.55%	57.63%	60.36%		
Fall 2010	1202	1.08%	42.01%	57.57%			
Fall 2011	1204	1.41%	49.67%				
Fall 2012	1304	3.30%					

7. **360 REVIEW** Recently the USG has commissioned a 360 review of presidents. My review was completed in the fall and I have talked with a representative from Talent Quest the organization conducting the review and with the Chancellor about the findings in the review. In the spirit of transparency, if you would like to see the results of the review they are on hold in the president’s office. You may stop by and ask to see the folder containing the review. I would ask that you not copy or photo any of the results or content of the review.
8. **INTRODUCING OMAR ODEH** I am pleased to introduce our new VP for Strategic Communications, Mr. Omar Odeh. Mr. Odeh joins us from Khalifa University in Abu Dhabi, United Arab Emirates where he has extensive experience in university communications. Many of you participated in the interviews of our candidates for this position before the holidays and we are pleased that Mr. Odeh decided to join the Georgia College Community.
9. **POLICY FOR USE OF STUDENT OPINION SURVEYS** I have approved the university senate motion regarding the **Policy for the Use of Student Opinion Surveys** as it was presented to me. After the original motion was submitted, some procedural edits were recommended that deal with directions on accessing the survey online. It is understood that the directions included here may need to be updated from time to time to reflect modifications to technology – in this case, the implementation of *Unify* across campus. Therefore, I would recommend that these modifications to the directions be accepted. The changes made are procedural only and do not impact, in my opinion, the intention of the policy that was submitted to be approved.
10. **QUESTIONS** President Dorman invited questions from the floor. There was one *What is the status of the campus carry legislation?* President Dorman asked Johnny Grant to respond to this question noting that Johnny interacts with legislators nearly every day.
  - a. This legislation is referenced as either *Campus Carry* or *Campus Safety*.
  - b. It is up for a vote in the house next week and it will pass the house.
  - c. The best chance to stop this legislation is in the senate.
  - d. The general population opposes *campus carry*.
  - e. As debate for this piece of legislation is more emotional than rational and the issue is polarizing, the USG has adopted the position "We support current law."
  - f. If you choose, communicate with legislators as a citizen.
  - g. While you certainly can mention that you are a professor or university employee, don't use your university email address or university letterhead to share your position as this violates USG policy and be clear that you are communicating as a citizen and not as a representative of the university or USG.
  - h. Your communication will be most influential if you direct it to your elected representatives as a registered voter and member of their constituency.

**PROVOST’S REPORT** As Provost Kelli Brown had extended regrets and was unable to attend this meeting, this report was not provided orally and was submitted in writing for inclusion in these minutes.

b. **CONTEXTUAL INFORMATION** No contextual information was provided.

c. **DISCUSSION**

- i. Question *How does this affect first amendment rights (religious freedom)?* Response We are not sure – this motion was made to support a recent resolution adopted by our Student Government Association (SGA).
  - ii. Question *How does this mitigate liability? This is not included.* Response SGA passed a resolution with more detail.
  - iii. Question *Is the SGA Resolution available as a supporting document?* Response No, it was not included as a supporting document.
  - iv. Concern If adopted, the risk of litigation may require an update of all university documents to remove pronouns like he and she and require relabeling of restroom signs which presently are gender specific. The adaptations to accommodate this may be even more far reaching.
  - v. Question *Isn't the proposed non-discrimination embraced legally by non-discrimination based on sexual orientation?* Response from the floor possibly, yet there is a distinction academically.
  - vi. In light of these points of concern, A **MOTION to COMMIT**, specifically *To send the policy motion back to the Student Affairs Policy Committee to clarify the proposal and provide additional supporting documentation to provide rationale for the proposal including but not limited to the pertinent SGA Resolution and context for how this type of non-discrimination has been implemented (what are the challenges?) in other university settings and other states* was made and seconded and approved by a voice vote.
- d. **SENATE ACTION** Motion 1516.SAPC.001.O was *committed* (see 3.c.vi above).

  - 4) Discussion item: The Chair was approached by a faculty member who wanted to know what Senate had planned concerning the "campus carry" bill, HB859. There were no plans and the current policy of the BOR is "we support current law" (emphasis added). ECUS remains open to hosting a discussion if there is the desire on campus to have such an opportunity for discussion. Faculty members (and the entirety of the GCSU community) are reminded that they are permitted as always to express their opinions as citizens in other public fora.
  - 5) Routing Item: GC SGA brought a resolution proposing a requirement on all faculty to use Desire2Learn (D2L) for all courses. This item needs to be routed (see below).
- ii. **Chair items from ECUS meeting with Standing Committee Chairs (2/5/16)**
- 1) GC SGA resolution was routed to APC to work with SGA to hammer out a policy proposal. Any policy proposal that is developed will go to FAPC before being considered by the university senate as a whole.

6. **FACULTY AFFAIRS POLICY COMMITTEE** (FAPC) – Barbara Roquemore

*Officers: Chair Barbara Roquemore, Vice-Chair Tom Toney, Secretary Alex Blazer*

- a. **Meeting** FAPC met on 5 Feb 2016 from 2:00pm to 3:15pm. The following topics were discussed.
  - i. **Courtesy Adjunct Faculty Status**
    - 1) Wendy Mullen met with FAPC to discuss Courtesy Adjunct Faculty Status.
    - 2) The BoR uses the term differently from most of higher education. This honorary title would be for local business, educational, political leaders and such for those we want to have an association with. We used to have courtesy adjunct faculty positions. ECUS wondered if faculty would have input in the process. Therefore, the proposal was amended to include faculty input. The adjunct faculty member does not teach, there is no GCID, no Bobcat card.
    - 3) Concern: why call them faculty? This is already a BoR policy, ECUS thinks more than an information item.
    - 4) Motion to approve 5 Feb 2016 Draft titled Courtesy Adjunct Faculty Status
    - 5) Motion passed with one 'nay.'
  - ii. **Office Hours**
    - 1) Can you substitute electronic office hours for regular office hours?
    - 2) There was unanimous approval to follow the currently stated policy, which involves adequate office hours in their current teaching platform.
  - iii. **Emeritus/Emeriti Status (Motion)**
    - 1) Problem that Emeritus faculty previously have free parking but the current do not.
    - 2) Emeritus/Emerita Status Policy - The revised motion will be sent to the university senate.
    - 3) Include a 'Grandfather' clause:  
*All individuals previously receiving emeritus status will retain all rights and privileges awarded as long as resources are available. In the future, individuals receiving emeritus status will receive rights and privileges outlined in this document.*

- 4) Passed Unanimously
- iv. **Student Opinion Surveys (IDEA)** Issue: Some department chairs using just the surveys for evaluation. Until contract expires, what can we do?
  - 1) Ask Steve Jones and David Smith when current contract expires. When contract comes up, review how effective it was.
  - 2) Would administration renew contract without asking FAPC?
  - 3) Previous instrument basically asked if student liked you or not.
  - 4) Council of Chairs, wanted instrument with national comparison
  - 5) FAPC will attend webinars to view some other instruments to look for a new instrument.
- v. **T & P Task Force Update**

**ANNOUNCEMENTS:** There were four announcements.

1. **Procedures to Establish, Restructure, or Rename an Academic Unit** – Costas Spirou

- a. An academic unit is a program, department, school or college. The procedure articulates the steps necessary to establish, restructure or rename an academic unit.
- b. The procedure is a two-stage process
  - i. Stage one: An exploratory conversation among the faculty of the academic unit with the relevant administrators (department chair(s), dean(s), and the provost) focusing on the viability and rationale for the proposed revision.
  - ii. Stage two: If deemed appropriate by the Provost, the preparation of a formal request is authorized in compliance with the included guidelines and subject to review by the administrative chain as well as the university senate, The President makes the final decision.
- c. These procedures (attached to these minutes as a supporting document) have been developed over the last four months and have benefited significantly from consultations with department chairs, deans, and the Executive Committee of the University Senate.
- d. The primary goal in producing this document is three-fold.
  - i. To provide clear guidelines for establishing, restructuring, or renaming an academic unit
  - ii. To provide transparency in establishing, restructuring, or renaming an academic unit
  - iii. To promote consistency in establishing, restructuring, or renaming an academic unit

2. **Strategic Plan** – Jan Clark, who serves as the University Senate Representative on the Strategic Plan Steering Committee, deferred to Mark Pelton for an informational update.

- a. Several months ago, Costas Spirou presented to the university senate an outline of the proposed strategic planning process and received an assurance of support for the effort. I subsequently made a similar presentation to RPIPC and was very happy when Jan Clark, RPIPC chair, agreed to serve as a member of the strategic planning steering committee.
- b. Since that time, we have solicited faculty and staff volunteers for the fourteen subcommittees through the faculty and staff email lists, Front Page, and direct appeals to a number of people with significant expertise in each committee's area of focus. President Dorman gave the steering committee and committee chairs their charge at a kickoff meeting back in November, and the committees, with approximately 140 faculty, staff, and students involved, have been hard at work since. For your information, I've distributed a handout (attached to these minutes) with the membership of each committee.
- c. The committees are in the process of developing their reports, with measurable goals and objectives, and have begun submitting some preliminary information for review. As you will see on the timeline handout, their final reports are due to the steering committee on March 7. After that date, the steering committee will utilize the subcommittee reports to develop a draft strategic plan for the university for 2016 through 2020.

- d. If all goes according to plan, we will have a draft report ready for presentation at the university senate meeting in April, and the campus will have the opportunity to review and provide input from April through early fall. Our goal is to have the strategic plan reviewed and approved by September, 2016, so that it can be used during the FY18 budget cycle.
- e. The strategic planning steering committee also was asked to review the university's mission, vision, and values, and has been focused on this while the subcommittees have worked to develop their own reports. We have developed a draft vision statement which has been posted to the strategic planning website ( [www.gcsu.edu/strategic-planning](http://www.gcsu.edu/strategic-planning) ). Your thoughts on the draft vision would be appreciated, so please check it out on the website and provide your comments and suggestions to any member of the steering committee, or by email to [strategic.planning@gcsu.edu](mailto:strategic.planning@gcsu.edu)
3. **USG Executive Leadership Institute** President Dorman introduced Wendy Woodrum, who is shadowing him as part of the USG Executive Leadership Institute. Wendy Woodrum serves as the Director of Business Operations at Georgia Southern University.
4. **University Senate Electronic Presence** – Craig Turner
  - a. Given the shortness of time, John R. Swinton asked Craig Turner when the new university senate electronic presence will go live, to which the response was next Friday (meaning 26 Feb 2016).

**OPEN DISCUSSION:** There was no open discussion.

**ADJOURN:**

1. **ATTENDANCE AND THE SIGN-IN SHEET** John R. Swinton requested that each individual present at the meeting sign the university senator attendance sheet or guest sign-in sheet on their way out if they hadn't already signed in.
2. **MOTION TO ADJOURN** As there was no further business, a motion to adjourn was made, seconded, and approved. The meeting was adjourned at 3:20 p.m.

**SUPPORTING DOCUMENTS:**

1. The document *StrategicPlanHandout* (pdf format) is the handout circulated by Mark Pelton to accompany his announcement on the Strategic Plan.
2. The document *AcademicUnitProceduresFINAL* (pdf and MSWord formats) is attached as a supporting document to supplement the Procedures to Establish, Restructure, or Rename Academic Units announcement made by Costas Spirou.
