Dear Standing Committee Chairs, Vice-Chairs, and Secretaries,

I hope you all are having a successful start to the semester. Thank you for your willingness to serve as an officer on your standing committee. Please find attached a packet of information that should provide some guidance and information for your upcoming standing committee meetings next Friday. Also attached is a PDF of annual reports from each committee last spring. Please review the attachments and let me know if you have any questions. These first two weeks of school have been super crazy, but I have some time next week that I could spend with any of you who would like an in-person or virtual training. If you are interested in this, please let me know. I appreciate your service!
